## between Photoshop Elements and Photoshop?

Image: Photoshop is available for both Windows and macOS. It is a powerful photo editor and there are lots of features that you can utilise in Photoshop. On the other hand, Photoshop Elements is a photo editing tool that comes with a more basic set of features. These features include the ability to draw, and resize or reorder photos. Photoshop Elements is for those who would like to create images

---

or edit them, but who want to do that without jumping through hoops. You can use Photoshop Elements to edit and manipulate all types of photos including JPG, TIFF, RAW files. The only types of files you cannot edit are Portable Document Format (PDF), which is a type of image file. Photoshop Elements has fewer features than the professional version. You will need to invest in the full version to get the most from it. What version of Photoshop

---

Elements do I need to use?  
The software that you need  
to purchase varies  
depending on what you want  
to do with it. To create a  
single-image page layout, or  
to create images for use on a  
web page, you will need the  
Basic version of Photoshop  
Elements which is priced at  
\$45. Photo package Photo

Photo package Photo  
package Photo package The  
more editing tools you want  
to use, the more features  
you need. If you want to

---

create professional-quality images, then you should buy the Elements Pro version. It is priced at \$95, and has the same features as the professional version. There are 2 versions of Elements Pro: Elements Pro Photo for professional photographers is priced at \$159 and includes all the features of the Elements Pro Photo and Elements Pro. This version can create images with ease and export them to a wide range of file formats including JPG and RAW

---

formats. Elements Pro Student for the creative community is priced at \$59 and includes the same features as the Elements Student version and Elements Pro Photo. This version is ideal for teaching and learning how to use Photoshop. You can get some of the power of Elements Pro for \$99 if you buy Elements Elements Pro Advanced for \$99 and that includes all the features of Elements Pro 05a79cecff
