**Elder Scrolls Online** is developed by ZeniMax Online Studios in association with the award-winning team at Bethesda Game Studios, the same team who brought you such celebrated games as The Elder Scrolls, Fallout, and Wolfenstein.

We're not asking you to pay anything in advance for the game. The game will launch out of beta in the coming months with no additional fees or downloadable content at launch. Just a

### **Elden Ring**

"In Team Ninja's latest fantasy RPG Tarnished,

---

players create a character that possesses not just physical skills, but also a unique set of abilities from the Elden Ring, a magical gem that can aid you in difficult times. One of my favorite aspects of Tarnished is its tactical system; players can combine the awesome skills of the Elden Ring with a variety of weapons to create powerful combos and turn the tide of battle in their favor. The game highlights that advantage by allowing players to actively attack or defend with the Elder Ring, so it doesn't feel at all overpowered. The gameplay is easy to pick up for newcomers, yet the story and plot are meaningful and relatable. It's truly a game designed for fans of the fantasy genre, and newcomers will get lost in the world between time, as they enjoy a unique action RPG." - IGN.com "The fighting is intense and the mechanics are simple enough that anyone can learn the controls quickly. If you're a fan of action RPGs then you'll find that this game will certainly appeal to you. " - GameSpot.com "Tarnished has a simplistic fighting system, but the dynamic gameplay and an engaging story will keep you coming back for more. " - Kotaku.com "A great deal of focus is clearly put on the gameplay side

---

of things, with a character development system that requires more attention than has been seen in a while." - PCGamer.uk "The fighting has a very fluid feel, with combos and special attacks that put the PS3 version of Ninja Gaiden to shame. The game is the epitome of deep fighting, with a great help of controls that will have you outspinning and out-jumping your opponent." - Rock, Paper, Shotgun "Tarnished's endless grappling and rolling will keep you coming back. This is a fight game for people who enjoy fighting games but also need a game that makes you want to get back into the flow of fighting gameplay." - Gamefront.com "..this might be the greatest game of 2013." - PlayStation.Blog "Tarnished offers old-school, classic fighters with new-school, awesome fighters." - Game Informer "If you're a longtime bff6bb2d33

1. Field of the Invention  
The present invention relates to a small magneto-optical disk and, more particularly, to such a disk formed so as to be suitably used for a memory of a portable or other pocketable instrument, or a medium to be attached to an instrument or other portable or unattached object.

2. Description of the Prior Art  
There have been proposed

---

various types of magneto-optical disks which are used, for example, as a memory of a portable or other pocketable instrument, or a medium to be attached to an instrument or other portable or unattached object. As will be understood from the description set out below, those proposed magneto-optical disks are disadvantageous in that they cannot be released readily from a magnet disposed therebeneath when they are applied to an object, for example, a magneto-optical disk player, when inserted into a compact disk player, or when placed on a table. Such disks conventionally proposed include, for example, a disk of the type disclosed in U.S. Pat. No. 4,739,144.
