**All Set Room Type@8 \_LINK\_ Download**

This service provides Internet access to each residence hall room managed by UH Housing via a wired and wireless connection, on a semester basis. This service is known as our net (residental networking). Detailed and up-to-date information about this service is always available at [uic.edu/~uic/undergraduate/hall-network/reqnet](http://uic.edu/~uic/undergraduate/hall-network/reqnet). For other uic services, see the uic1 homepage at [uic.edu](http://uic.edu). UIC Security Department provides campus security services for all university community members, including on housing. Our service center staff will respond to your request for access to the messroom and other facilities located in the UIC data center. For more information, contact the UIC Security Department at 5-7246 or 5-5342 (week), or 5-6111 (weekend). During the Q2, housing will make a list of available rooms. The Q2 request is to be sent after the end of the request term. The process of a room change request is as follows: a room list will be generated, providing a list of available rooms in the order that they are listed in the Q2 request. It is important that the student indicate the preferred request they wish to be assigned to. If any room has a conflict, the student will be informed of the room conflict. The Q2 request will then be reviewed and approved by the central housing office. It is the responsibility of the student to submit the Q2 request to housing, not to the other student who is in the new room. The central housing office will then approve the Q2 request. The process will take approximately two weeks. At that time, housing will send a confirmation email to the student, and the new Q2 request will be listed on the housing board. There are two ways that a room can be assigned: a resident can be assigned to a room by drawing the order of the waiting list or by drawing a random number. A specific room can be assigned by entering the room number and clicking "submit."

please note that breakfast is not included in the rent for most of the residence halls. for this reason, we request that you pack and bring breakfast foods to your room. if you need help, please ask your ra or ra coordinator for assistance. there are four types of rooms available: single, double, triple, and quad. each of these types of rooms will have two beds and two desks. for example, a double room will have two single beds and two desks. please do not place your bed or desk in the window area. the beds and desks will be in the middle of the room. there are also two types of bathroom arrangements: single and double. a single bathroom is equipped with a sink, toilet, and bathtub. a double bathroom is equipped with a sink, toilet, and bathtub in each bathroom. please be aware that the single bathrooms are for the exclusive use of females and the double bathrooms are for the exclusive use of males. (please be aware that occupancy in the rooms will vary at times. check with your ra or the front desk for the final occupancy count.) if you are entering your room for the first time, please refer to the instructions in the box, located at the bottom of the form, and complete it. your room assignment is based on the number of occupants in the room. it is important to know the number of occupants in the room to ensure you are assigned to a room with the correct number of occupants. you will be assigned a mailbox and be given a mailbox key at the time of check-in. you will share a mailbox with your cluster/ roommate(s). registered mail and packages are held at the desk for pick up. you will receive an email notification when you have a package waiting at the desk. you will need your i-card when claiming your item. packages will be held for 10 days and then returned to sender if not claimed. package pick up times are posted at the front desk of your building. mail is placed directly into the mailbox assigned to the resident. to ensure prompt mail delivery, senders should use: full name, current room number and building and the correct mailing address, which can be found at.
